**The sailing Liveboard charter yacht Cat Ppalu** offers scuba diving, snorkeling, sailing and adventure cruises. Each week (Sunday at Noon) we set sail from Nassau to the Exuma Islands on the 65' sailing catamaran, Cat Ppalu. This is the ultimate escape aboard your own private yacht.

**No crowds, no set itineraries,** nothing to do but sit back, relax and choose from an incredible variety of activities: sailing, cruising, snorkeling, scuba diving, kayaking, bird watching and of course, island exploring. Consider the Cat Ppalu a floating bed and breakfast; your private floating hotel, with captain and crew at your service. Our crewed charters handle all of the details. With an open bar and all beverages, meals, water sports and diving included in the price, it's comparable to a luxury cruise or resort vacation, only the service is much more personal on our live aboard sailboat, the Cat Ppalu.

**The Cat Ppalu** can take you to scuba dive remote walls, wrecks, coral reefs and dive with sharks. You can snorkel most of the sites in the Exumas as well and enjoy the gin clear waters of the Central Bahamas.

**Kayak the cays and inlets,** explore the many uninhabited beaches, and even big game fish from our sail boat, the Cat Ppalu! Cat Ppalu is also available as a live-aboard vacation for special interest groups: ecotourism groups, adventurers, kayakers, and corporate incentive travelers as well as educational tours, scouts and research trips.

This crewed charter will offer you and your family and friends the ultimate sailing adventure! Charters are tailored to make your family vacation one you will all remember for a life time! The catamaran design ensures a stable ride on the gin clear waters of the Exuma Cays-

a remote and glorious chain of islands in the Central Bahamas. Underwater adventures abound- snorkel and dive the coral reefs among sharks and the blue hole! Not a diver, learn how to dive or snorkel while on board! No crowds, no set itineraries, nothing to do but sit back, relax and choose from an incredible variety of activities: sailing, cruising, snorkeling, scuba diving, kayaking, stand-up paddle boards (SUP), wind surfers, bird watching and of course, island exploring. Consider the Cat Ppalu the Caribbean sailboat charter you just have to experience!

Our crew handle all of the details. With an open bar and all beverages, meals, water sports and diving included in the price, it's comparable to an all inclusive resort vacation, only the service is much more personal on our liveaboard sailboat charters, the Cat Ppalu. Our catamaran has 6 cabins for up to 12 passengers. The accommodations are comfortable and spacious. Visit the Thunderball Grotto and swimming pigs at Staniel Cay. Snorkel the sunken DC-3 at Norman's Cay. Explore the nature trails at the Exumas Land and Sea Park headquarters at Warderick Wells. Feed the endangered rock iguanas at Allen's Cay or just relax on a deserted beach.
